REASONS FOR ALLOWANCE

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 16, line 1, the phrase "claim 6" has been changed to -- claim 10 --, since it appears that the method claim that claim 16 is referring to is claim 10.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record do not anticipate nor do they reasonably suggest the blanking device and method as claimed in claims 1 and 10. The closest prior art, Heidelberg (DE 1,044,579), teaches a punching device comprising many of the claimed elements as noted in the last Office Action. Upon further review, the Examiner is in agreement for substantially the same reasons set forth by the Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. It is noted that the previously filed IDS has been reviewed again since the Examiner did not initial on the foreign references.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles Goodman whose telephone number is (571) 272-
